

Multi-Skilled Maintenance Engineer

Location: Brislington, Bristol, BS4 5NZ
Salary: £35,000-£40,000 per annum, depending on experience
Hours: Full time, 39 hours per week (Day Shift)

EFI Ltd in Bristol is looking for a proactive Multi-Skilled Maintenance Engineer to take on a hands-on role supporting both planned and reactive maintenance across our machinery and equipment.

What You'll Be Doing

- Carrying out planned preventative maintenance and responding to machinery breakdowns;
- Diagnosing and repairing electrical and mechanical faults;
- Supporting continuous improvement and reliability projects;
- Working with hydraulic and pneumatic systems;
- Occasional fabrication and welding tasks;
- Participating in a paid call-out rota and overtime when required.

What We're Looking For

- Time-served Multi-Skilled Engineer;
- Strong mechanical and electrical fault-finding skills;
- Experience with hydraulics and pneumatics;
- Knowledge of control gear, PLCs, and 3-phase power systems;
- Understanding of Health & Safety requirements;
- A team player with clear, confident communication skills;
- Ideally based near Bristol with a full UK driving licence.

What We Offer

- Sales Performance Bonus after initial qualifying period;
- Overtime available;
- Paid call-out rota after probation;
- 21 days holiday + Bank Holidays (rising with service);
- Core working hours (30-minute unpaid break each day):
 - Mon-Thu: 07:00-15:30
 - Fri: 07:00-14:30

If you're a skilled engineer looking for stability, variety and the chance to make a real impact, we'd love to hear from you. Apply today and join the EFI Engineering team.
